

HEADER FLANGE TOOLING

1-800-558-7808

*Add Another Feature To Your
Machine's Capabilities ...*

Huth now has arbors and segment sets to form shapes and sizes to match manifold flanges for your header construction. We have several sizes in stock and can custom build to your needs. This tooling will fit any of the Huth benders or expanders.

- H594 Arbor, Flange 1" x 14 Thread (All Machines Except 1685)
- H494 Arbor, Flange, 1685

- H360 Segment, Flange Header 1-3/4 x .049, 4-V
- H361 Segment, Flange Header 1-3/4 x .049, 5.7
- H362 Segment, Flange Header 1-7/8 x .049, C-7
- H363 Segment, Flange Header 1-7/8 x .049, 6.1

Give Huth a call if you have any questions or to discuss your specific requirements.
